

NUDESLETTER

The Australian Naturist Federation

President's Report

Well, here we are on the dawn of a new era, regarding the Australian Naturist Federation anyway, as from the 1st of July 2021 we started operating in a new manner that will enable us to function in this modern era seeing as the ANF was first established in 1968 when it was founded, which is an umbrella federation that enables all nudists in Australia to have a voice, but also to assist clubs whenever possible. This new model of operating is a case of changing the structure to suit the

expectations of the public and bring the ANF into the electronic era while we pay homage to previous volunteers that not only founded the ANF, but also paved the way and ensured that we have a good foundation to build on.

We have started on a strong note with 2 clubs that have joined recently, *Naturi* and *Heritage*, both are long standing clubs here in the Greater Sydney region that have a lot to offer. We also have a few new individual members, which gives me hope that the changes that have been made are not only positive but seem to be well received.

We are also working on building relationships with other federations and organisation from across Australia and the globe. Currently we are building bridges with the *New Zealand Naturist Federation*, which has been well received, to the point that Wendy their president will be attending our AGM as our guest, while visiting family here in Australia. We believe that this trans-Tasman friendship that we have will assist both of our countries especially during these tough times. We also have communication with *British Naturists* and are building a stronger relationship with them along with the likes of the *Naturist Symbol* and within our own country with people such as Brendon from *Get Naked Australia*.

The Grin & Bare It videos seem to be well appreciated, from the feedback we have received to date as a good way of getting the information out to all, currently with about 4000 views per episode on average. This started off trying to highlight what our affiliated venues and clubs have to offer as well as letting people know what is on around the traps as it were but has grown to also touch base on different topics and ideas from all over. If you have an idea or a topic that you would like us to tackle or you would like to be a part of it, please contact myself at grinandbareit@ausnatural.org.au these videos can be viewed at our YouTube channel at Australian Naturist Federation, we have also recently started up again on twitter, to try and cover most social media avenues.

We are currently working on the website, we are planning an online shop that will enable members to purchase merchandise and we are also creating a member's section of the website, that will replace the verified FB page and enable members to have access to much more.

Currently the ANF committee is also looking for some other keen individuals that will embrace the running of the ANF, we are looking for an Independent Members Administrator, this role is an executive role and as it is responsible for the administration side of the independent members group, we are also looking for some help with the web site and also a merchandise officer, along with some other roles. If you are interested in any of the roles, please email myself at president@ausnatural.org.au

ANF Update

This month the ANF has released another two Grin & Bare it videos:

Episode 21 are interviews with Gavin about the ANF changes and with Wendy Lowe from the New Zealand Naturist Federation about how they have it there.

Episode 22 are interviews with Stephen & Katherine from Heritage Country Club and with Emily Walsh who is know as the slightly crazy vegan, who has her own YouTube channel.

Don't forget to check out our YouTube channel at [YouTube](#) or if you prefer you can listen to the podcast on [soundcloud](#) also.

Our virtual pub nights on zoom for ANF members are continuing nice and strong and some good friendships have been formed especially during these lockdowns and we look forward to some NZNF members starting to join in also.

The INF world congress is planned for October but as we are unable to travel, we are making sure that our voice will be heard, and as such Nick & Lins the *Naked Wanderers* have volunteered to be a voice for us at the world congress. There are a few things of concern that we need to pay special attention to, as the current INF committee seems to be very European centered within some of their views. Stephane Deschenes from Canada is standing for the role of INF president which we are fully supporting.

We also have our new web site up which you can find at www.ausnatural.org.au. It is still under construction, and we are planning a merchandise shop and also a member's section where things like the gallery will be, you will also be able to access the committee minutes and much more.

A few new affiliated organisations have joined, which is really great, but we would still like to see the individual members group grow some more, but we understand that the new structure will take some time to fully set in. We are also looking for some new blood to join the ANF committee, if that interests you, please contact us.

Summer has finished, and we are now preparing for the winter season. Contrary to the rumours, we do not shut down for winter, but we continue to have socials in our Rec Room. However with the reduced attendance imposed on us from Covid, our socials are usually oversubscribed from our members, giving us no room for visitors to attend. We usually hold our socials on the last Saturday of the month so keep an eye on our website once Covid restrictions have been lifted and we can have a capacity crowd again.

We do other things over the winter. Usually we hire a private swimming pool for monthly winter swim nights, but with the Covid restrictions the venue places on the number of attendees, means if we continued and hired the pool, we would hemorrhage money due to the reduced numbers that could attend.

In June, we had a Restaurant night in Canberra, where we hired the private function room at a Restaurant in town and the restaurant was happy for us to dine in Club Uniform. Once again this has been fully subscribed by members, however it is something we are looking at holding regularly.

Many ACT members attended the Ian Linderman Memorial Swim. This is held each year on June 21 at Dawn on the foreshore of one of Canberras lakes. Remember, in an emergency in Australia,
we call 000

Every second Friday at 7pm (EST), we have our virtual Aussie Naked Pub Night, if you are an ANF Individual Member or a member of an ANF affiliated club / resort / group or a Sponsor then you are welcome to join in, just contact your club committee for the zoom link that is sent out each fortnight and join in to catch up with ANF members from all across Australia.

'Naturist/Nudist uniform' is obviously acceptable, but the facilitator has all the power, to stop audio, video, or block you altogether. Therefore, it is in your best interest that you are always appropriate in alignment with the pure spirit of naturism.
